

How to find The Singleton Environment Centre

Singleton Environment Centre is located in Wesley School Road, next to John Wesley Primary School off Cuckoo Lane in Singleton, on the southern edge of Ashford, Kent. Postcode TN23 5LW

- BY CAR...** The centre has easy road links to the M20/A20 (London, Maidstone, Folkestone), A28 (Canterbury/Tenterden), A251 (Faversham).
- BY RAIL...** Services from the coast, London and the continent stop at Ashford www.nationalrail.co.uk
- BY BUS...** Stagecoach bus "The A Line – Stanhope/ASDA" goes through Cuckoo Lane to Langley Drive opposite the centre and connects with the town centre and domestic train station every 10 minutes www.stagecoachbus.com/eastkent
- BY CYCLE...** National Cycle Route 18 passes to the rear of the centre up Singleton Hill/Bucksford Lane/Chart Road, and local cycle routes via Cuckoo Lane to the front of the centre. The centre is also accessible by routes from the surrounding area. There are on-site cycle racks. www.sustrans.org
- ON FOOT...** During the day the centre can be accessed on foot from Bucksford Lane/Singleton Hill via the Ashford Community Woodland entrance.

From the M20 J9

- o Take the A20 Fougères Way (signed to Ashford)
- o At the roundabout take the 3rd exit to A28 Templar Way (signed to Tenterden)

From A251 / A20 & Ashford Town Centre

- o Follow signs to A28 (Chart Road) (signed to Tenterden)

From A28 Chart Road:

- o Follow the road along until you reach a roundabout (Matalan store on your left)
- o Take the 1st exit at the roundabout on to B2229 Brookfield Road (signed to South Ashford) and follow the brown tree signs for the centre.)
- o At the traffic lights turn right into Knoll Lane (signed to Singleton)
- o Follow Knoll Lane and take 5th right turn into Cuckoo Lane
- o Take first right into Wesley School Road
- o Drive up the road, past the school on the left and then turn left to Singleton Environment Centre

Please **do not** block the exit gate or park in the centre roadway as access needs to be maintained for delivery & emergency vehicles to easily access the site
